

FUENTE DEL ZORRO

Wine from the historic vineyard of La Aguilera, Valle del Gomejón, Burgos, planted on its own roots on sandy soil, at an altitude of 850 meters, with a north-facing orientation

Tasting note

“An austere expression in terms of tannins but with bountiful fresh fruit and violets. Tight-grained with full body. Honest fruit in the long finish. From a small, ungrafted old vineyard of tempranillo and albillo mayor.” Zekun Shuai, James Suckling.
