

# Vera Vides

BLANCO

**Village wine from La Aguilera. Crafted with care using a blend of varieties to create a fresh, highly drinkable wine from sustainable viticulture.**

**A young white wine made from the white grape varieties preserved in our vineyards and historically present in Ribera del Duero: albillo mayor and pirulés.**

## Tasting Note

**Pale straw yellow with steely reflections, clean and bright. Medium intensity on the nose, with aromas of green apple skin, pear, and white flowers. Very fresh and lively on the palate, with a medium body and a refreshing acidity that makes your mouth water.**
